OHIO LEGISLATURE.

COLUMBUS, Jan. 18.—SENATE.—Bills introduced: To authorize the commissioners of Hamilton county to improve Montgomery road at cost not to exceed \$50,000; to require railroad and telegraph companies to make additional reports, including the names of all stockholders and officers, and to require such companies to bear the expense of the railroad and telegraph commissioners' department; to authorize municipal councils and county commissioners to maintain county children's homes.

HOUSE.—Bills introduced: Requiring that fees received by the secretary of state shall be accounted for quarterly instead of annually as heretofore; providing for compensation for the use of public highways between November 15 and May 15, when, in the judgment of township trustees, the transportation of heavy burdens will subject the roadway to injury; to provide for the appointment of an inspector of state and private banks; the governor to appoint, providing for the distribution of volume I, and the remainder of volume II, by giving thirty copies of volume I, of the Ohio Roster of Soldiers to each of the members of the general assembly and to the members of the general assembly; to amend existing laws so that improvements can be made by petition of two-thirds of the property owners along the line of proposed improvement; to make the office of clerk and treasurer in Hamilton county; to create a special school district in Rockport township, Cuyahoga county; requiring the establishment of night schools on petition of twenty-five parents or guardians, providing that the party making an appeal from the decision of a magistrate must pay the costs in the court before the appeal is taken.

COLUMBUS, Jan. 11.—SENATE.—A house bill was passed authorizing Columbus to build a workhouse, a much-needed institution. Mr. Greenup is a bill requiring that bills of exception shall be filed within fifty days after the decision of the application for a new trial instead of within thirty days of the decision of the case itself. The house bill providing for the payment of a sugar beet bounty was on the calendar for third reading, but was postponed to the finance committee. Senator Brice addressed the senate after which both adjourned.

HOUSE.—Mr. Daugherty's bill, introduced last winter, was passed. It prohibits the state school teachers from holding a position as superintendent or teacher in a public or private school. Mr. Grant's bill, prohibiting shanty houses from remaining anchored to the shore for more than thirty-six hours, unless the consent of the owner of the property adjoining is obtained, was passed. The house finance committee held its first meeting of the session Tuesday morning and settled the troublesome question of the chairmanship. Mr. Willis, who, since Mr. Taylor's resignation, has been at the head of the committee, was elected chairman, but immediately resigned. Mr. Brown was then elected chairman. Senator Brice addressed the house.

COLUMBUS, Jan. 12.—SENATE.—Mr. Ide's bill increasing the penalty for violating the law prohibiting barbering on Sunday, came up for the second reading. The bill was passed. This measure was recommended by the Senate Trade assembly at its session last week, and Mr. Ide was especially authorized to introduce and see to its passage. Mr. Von Seggern offered an amendment, applicable to the law as amended, empowering the board of legislation of that day to determine whether barber shops shall be closed on Sunday. Some little discussion followed, and finally the bill and amendment were laid over until next Tuesday.

HOUSE.—An interesting discussion was introduced in the representative Wednesday when Mr. Keen's house joint resolution calling on the Ohio senators and representatives in congress to oppose any proposition looking to the opening of the World's Fair on Sunday. The subject was taken up by Mr. Wood, of Washington county, made the opening speech in favor of the adoption of the resolution. Mr. Harshberger, of Shelby, opposed the proposition. It was his belief that it is better to open the gates to visitors, permitting them to go to a place of innocent amusement and education, rather than to remain in the city. Messrs. Griffin, of Lucas, Dodge, of Cuyahoga, Daugherty, of Fayette, and Hook, of Cuyahoga, spoke in opposition to the resolution, and Messrs. McCoy, of Columbus, and Clapp, of Geauga, spoke in favor of the adoption of the resolution. The joint resolution in favor of closing the World's fair on Sunday was defeated—yeas 30, nays 34.

COLUMBUS, Jan. 13.—SENATE.—The senate held a few minutes' session Thursday morning and adjourned until Monday. **HOUSE.**—The house decided against making standard time the official time of the state. In a bill introduced in the house by Mr. Kelly, of Ottawa, the author proposes to raise a revenue from license vendors for all villages having a population over 4,000. His bill supplements Section 2369 and provides that councils of such villages may provide by ordinance for a license on bill posters, transient dealers, persons who open stores for temporary sale of merchandise and all other transient vendors. The active preparations of the state board of health to fight the threatened invasion of cholera last summer, necessitated the creation of a deficiency in the funds of the department, payment of which is provided for in a bill introduced in the house Thursday by Representative McCoy, of Columbus county. The liabilities incurred amounted to \$5,100, and this sum is appropriated in the bill, which was read the second time and referred to the finance committee.

COLUMBUS, O., Jan. 14.—SENATE.—Not in session. **HOUSE.**—Among the bills introduced Friday were the following: Establishing a board of arbitration, to prevent strikes and lock-outs; providing that the captor of drifting saw-logs receive fifty cents from the owner, and three cents per additional log if not reclaimed within fifteen days; prohibiting a probate judge from appointing an administrator, assignee, trustee or guardian any partner in business or having office room with the assignor; making litigants liable for expenses and fees of witnesses in civil suits who come from an adjoining county; repealing McCoy's law which places the adjustment of sheep claims in the hands of township trustees, and referring it back to county commissioners; making labor day a legal holiday for labor; providing that delegates to conventions be elected by primaries; increasing the jurisdiction of justices of the peace and notaries public, making their power co-extensive with the state in the execution of process; repealing the law that authorizes a justice of the peace to appoint constables on lands in an adjoining township, as to give him police powers in townships in which a soldiers' or sailors' home is located.
